ACTUAL C64 SCREENSHOTS

You are taken far, far back in time to confront the evil God Dameron, who has taken control and is changing good Gods to bad. He is upsetting our past, our future and ultimately our destiny.

Myths are no longer a theory, myth is reality.

Your adventure takes you through the mythological eras of time, to stop the spread of evil, to question the judgement of the Gods, to call the bluff of the demons and to set the record straight.

Myth is no longer part of the imagination.

Myth is **HISTORY IN THE MAKING**...

THE · PRESS · SAY

This almost looks like an Amiga game that someone has managed to get running on the C64. Superb animation, tremendous sound, and bags of atmosphere make this a must buy. If you want another reason for parting with your cash, it's also huge and there's lots of variety in there. I was impressed - you will be too.

ACE

I don't think it would be exaggerating when I say that MYTH is one of the best games on the C64. It has just about everything necessary to make it a classic: amazing graphics, amazing sound and fantastic gameplay make it a gameplayer's dream.
